Professional Summary

Motivated MCA student with hands-on experience in Python, Java, SQL, and backend development using Django and FastAPI. Skilled in REST API development, database management, and building scalable web applications. Experienced in building AI Agents, Retrieval-Augmented Generation, Natural Language Processing, sentiment analysis, and AI chat-bot development. Proficient in developing production-ready applications, interactive dashboards, and intelligent automation solutions, with a strong interest in applying LLM and RAG-based solutions to real-world domains such as healthcare.

Technical Skills

- **Programming Languages:** Python, Java, SQL
- **Backend Frameworks:** Django, Django REST Framework (DRF), FastAPI
- **Web Development:** HTML, CSS
- **Databases:** MySQL, SQLite, MongoDB, Vector Databases (FAISS), Embeddings
- **AI & Machine Learning:** Natural Language Processing (NLP), Large Language Models (LLMs), Prompt Engineering, Retrieval-Augmented Generation (RAG), Response Post-Processing
- **Version Control:** Git, GitHub

Projects

Agentic AI System with Tool Integration

Aug 2026

FastAPI, HuggingFace, Python

- Developed an AI Agent-based chatbot using FastAPI with modular tool orchestration and iterative reasoning capabilities.
- Built a document intelligence pipeline with Retrieval-Augmented Generation, including document ingestion, embedding generation, and source-cited responses.
- Integrated Hugging Face and Mistral 7B models for intelligent response generation using advanced prompt engineering and post-processing.

FeedbackIQ – Sentiment Analysis Dashboard

Jan 2026

Django, SQLite, Chart.js, TextBlob

- Developed a full-stack platform to create, distribute, collect, and analyze customer feedback.
- Implemented sentiment analysis using TextBlob to classify feedback as positive, negative, or neutral.
- Integrated the Groq API for AI-powered recommendations and insights.
- Built interactive dashboards using Chart.js to visualize feedback trends and metrics.

Certifications & Training

- **Java Full Stack Development** – Capgemini & Symbiosis Training (Java, Spring Boot, HTML, CSS, MySQL, REST, Thymeleaf)
- **Basics of Web Development** – HTML, CSS, Responsive Design
- **Artificial Intelligence Fundamentals** – IBM (AI basics, machine learning concepts, data usage in AI, real-world AI applications)
- **Project Management Fundamentals** – IBM (project lifecycle, planning, task management, teamwork, agile practices)
- **CompTIA A+ and N+ Basics**

Educational Qualification

- | | |
|--|--------------------|
| • Master of Computer Applications (MCA) – Vishwakarma University, Pune | 2025–26 (Pursuing) |
| • Bachelor of Computer Applications (BCA) – Arts, Commerce & Science College, Palus | 2022–25 (75.93%) |
| • HSC (12th) – Science – Arts, Science and Commerce College, Ramanandnagar | 2020–22 (53.83%) |
| • SSC (10th) – Brahmanand Vidyalaya, Brahmanandnagar | 2020 (80.20%) |

Additional Information

- **Languages:** English, Hindi, Marathi
- **Hobbies:** Problem Solving, Listening to Music, Exploring Emerging Technologies
